

**INTERLINK ELECTRONICS, INC. ANNOUNCES PARTICIPATION AT THE
H.C. Wainwright 26th Annual Global Investment Conference****September 9-11, 2024**

Irvine, CA., September 9, 2024—Interlink Electronics, Inc. (Nasdaq: LINK), today announced it will be featured as a presenting company at the H.C. Wainwright 25th Annual Global Investment Conference. The conference is being held on September 9-11, 2024. H.C. Wainwright & Co. is hosting its 26th Annual Global Investment Conference, which is being held on September 9 to 11, 2024. The in-person venue for the event is the Lotte New York Palace Hotel in New York City located at 455 Madison Avenue. Virtual participation will be staged simultaneously with over 550 company presentations scheduled as live feed or available on-demand.

Steven Bronson, CEO, of Interlink, will provide an overview of the Company's business during the presentation.

If you are an institutional investor, and would like to listen to the Company's presentation, please click on the following link (www.hcwevents.com/annualconference) to register for the conference. Over 550 corporate presentations & panels are available during September 9-11, 2024.

Event: H.C. Wainwright 26th Annual Global Investment Conference

Date: September 10, 2024

Time: 12:30pm EDT

Location: Virtual to start on-demand on September 9 at 7:00 A.M. (ET) or in-person location date/time at the Lotte New York Palace Hotel, New York, NY.

About Interlink Electronics, Inc.

Interlink Electronics is a world-leading provider of sensors and printed electronic solutions that support a wide range of applications, including Human-Machine Interface ("HMI") devices and Internet-of-Things ("IoT") solutions, utilizing our expertise in materials science, manufacturing, firmware and software to produce in-house system solutions for custom specifications. We have a proven track record of supplying mission-critical technological solutions in diverse markets including medical devices, automotive, gas detection and environmental quality monitoring, oil and gas and general industrial, and consumer electronics, providing standard and custom-designed sensors that provide the flexibility and functionality needed for today's sophisticated applications.

The Company's products and solutions currently focus on three main fields:

- For nearly 40 years, the Company has led the printed electronics industry in commercializing its patented Force Sensing Resistor® technology, which offers pressure and position sensing and rugged capabilities in a very wide range of temperatures. Our piezoelectric film sensors offer strain, bend and vibration sensing and can be used on curved surfaces, while our advanced matrix sensor solutions offer multiple touch capabilities. We supply some of the world's top electronics manufacturers with intuitive sensor and interface technologies for use in advanced applications such as medical robotics and vehicle collision detection.

- Our Gas and Environmental Sensors division has over 25 years of experience in cutting-edge design and manufacture of electrochemical gas-sensing technology for industry, community, health and home. We provide advanced sensor solutions, precision sensing instruments, and custom engineering services for detecting gases such as carbon monoxide, ozone, hydrogen, NOx gases and ammonia, for transdermal alcohol detection and for air quality monitoring. Our innovative printed sensor design enables high-sensitivity, low-power and cost-effective solutions for broad adoption in the rapidly growing IoT market.
- Our Calman Technology subsidiary brings over 25 years of experience in the design and manufacture of membrane keypads, graphic overlays, printed electronics and industrial label products. We offer IP-rated digital and hybrid printed devices featuring integrated backlighting and shielding and printed electronics with advanced materials ink printing. Calman has customers in fields such as medical devices and defense technologies and gives the Company a base in Europe.

We serve our international customer base from our corporate headquarters in Irvine, California; our Global Product Development and Materials Science Center and distribution and logistics center in Camarillo, California; our advanced printed-electronics manufacturing facilities in Shenzhen, China, and Irvine, Scotland; and our proprietary gas sensor production and product development facility in Silicon Valley, California.

Forward-Looking Statements

This release contains "forward-looking statements" within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements can be generally identified by phrases such as "thinks," "anticipates," "believes," "estimates," "expects," "intends," "plans," and similar words. Forward-looking statements in this press release include statements about our projected sales and revenues, cost-cutting initiatives and European expansion plans. Forward-looking statements are not guarantees of future performance and are inherently subject to uncertainties and other factors which could cause actual results to differ materially from the forward-looking statement. These statements are based upon, among other things, assumptions made by, and information currently available to, management, including management's own knowledge and assessment of the company's industry, R&D initiatives, competition and capital requirements. Other factors and uncertainties that could affect the company's forward-looking statements include, among other things, the following: our success in predicting new markets and the acceptance of our new products; efficient management of our infrastructure; the pace of technological developments and industry standards evolution and their effect on our target product and market choices; the effect of outsourcing technology development; changes in the ordering patterns of our customers; a decrease in the quality and/or reliability of our products; protection of our proprietary intellectual property; competition by alternative sophisticated as well as generic products; continued availability of raw materials for our products at competitive prices; disruptions in our manufacturing facilities; risks of international sales and operations including fluctuations in exchange rates; compliance with regulatory requirements applicable to our manufacturing operations; and customer concentrations. Additional factors that could cause actual results to differ materially from those anticipated by our forward-looking statements are under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our most recent Annual Report (Form 10-K) or Quarterly Report (Form 10-Q) filed with the Securities and Exchange Commission. Forward-looking statements are made as of the date of this release, and we expressly disclaim any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

About H.C. Wainwright & Co.

H.C. Wainwright is a full-service investment bank dedicated to providing corporate finance, strategic advisory and related services to public and private companies across multiple sectors and regions. H.C. Wainwright & Co. also provides research and sales and trading services to institutional investors. According to Sagient Research Systems, H.C. Wainwright's team is ranked as the #1 Placement Agent in terms of aggregate CMPO (confidentially marketed public offering), RD (registered direct offering) and PIPE (private investment in public equity) executed cumulatively since 1998.
